☰ OBJECTIVE

I seek to gain new experience, contact the actual labor market, deal with actual clients and various projects, and learn new skills from more experienced people.

🎓 EDUCATION

student | faculty of computer science

2020 – 2024

Student in faculty of Computer Science and Artificial Intelligence, level three, Information System department.

💼 ORGANIZATIONS

IT HEAD | SCCI

8/2022 – PRESENT

Preparing content and sessions.
I was responsible for forming the IT team and responsible for teaching and training them on web skills, frontend and backend. Then, together, we built the official SCCI website. generate attractive and professional website and generate new features in website like forms that calculate who is best member.

IT MEMBER | SCCI

10/2021 – 5/2022

I learned more technical skills in web development section and worked on official SCCI website with IT TEAM. I won the best IT member.
technical support in 10 sessions.
Got certified as best IT member.

participant | SCCI

1/2021 – 5/2021

I learned a lot of soft skills and problem solving using software and hardware.

Worked with teams from 5 workshops and learned how to be team player.
